August 13th, 2026

PDN EIC-1177 End of Life SSR products

Detailed Description of Change

Littelfuse IXYS Integrated Circuits Division's (ICD) would like to notify you that we'll be phasing out the PCB SSR product family. The full list of affected part numbers is provided in the attachment to this notice.

We value your business and want to ensure a smooth transition.

Below are the key details of this End-of-Life (EOL) notification for your planning:

- **Last Time Buy Deadline:** Orders for the PCB SSR product family will be accepted until November 11, 2026.
  We encourage you to review your requirements and place any final orders by this date. No orders will be accepted after this date.
- **Final Shipments:** Customers may request delivery schedules for accepted orders within a 12-month window from order placement. However, actual delivery timing may extend beyond this period, depending on manufacturing schedules, capacity constraints, and material availability. Littelfuse will make commercially reasonable efforts to align deliveries with requested schedules.
- **Supply & Order Acceptance:** Please note that supply is limited; while Littelfuse intends to fulfill as many orders as possible, full fulfillment cannot be guaranteed due to potential constraints in material supply or factory capacity. All orders will be subject to formal acceptance by Littelfuse. Littelfuse will communicate acceptance of each order through its standard order acknowledgment process.
- **Order Adjustments:** Littelfuse reserves the right to adjust (push out or cancel) order quantities, in whole or in part, based on supply availability and operational considerations. We will communicate promptly regarding any such adjustments.
- **Order Terms:** All Last-Time Buy orders are Non-Cancelable, Non-Returnable, and Non-Reschedulable (NCNR). Once an order is accepted by Littelfuse, it may not be canceled, modified, or rescheduled by the customer.
- **Pricing:** Littelfuse will make commercially reasonable efforts to honor existing pricing or agreements. However, pricing remains subject to confirmation at the time of order acceptance, particularly considering potential changes in manufacturing or supply conditions.
- **Terms Precedence:** In the event of any conflict between this notice (and Littelfuse's standard terms and conditions of sale) and any customer purchase order or EDI terms, the terms of this notice and Littelfuse's standard terms shall prevail, and any contradicting terms contained in any customer purchase order or EDI transmission are expressly objected to by Littelfuse.

We appreciate your partnership and understanding during this transition. Our team remains available to support your planning and address any questions.

Sincerely,
Littelfuse
