Product Change Notice

Topic	Chip resistor second source added
Series	SHV, THV
Reason of Change	Certain chip resistors (by vendor ROHM) used in the products have been discontinued (EOL) by the manufacturer. They will be replaced with the manufacturer-recommended equivalent performance alternatives to ensure continued production and stable supply.
Timeline	The transition will occur naturally as inventory of the current components is depleted. Timing varies by model. The earliest affected models will adopt the change for shipments from June 2026 onward. Shipments with the old design may still occur during the transition phase.
Acknowledgment	This PCN is considered to be approved **30** days after the above given date. Any concerns shall be provided within the acknowledgment period.
Type of Change	☐ Major ☒ Minor

Description of Change

The chip resistors listed below have reached end-of-life at the manufacturer (ROHM) and will be substituted with the manufacturer-recommended equivalent-performance alternatives.

This change has no effect on the performance of the converters and all electrical and mechanical specifications/characteristics remain unchanged.
