TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
INTERCONTEC products portfolio

Description of Changes
Die casting source qualification and manufacturing location expansion. Following listed Part Numbers, die cast components may be manufactured at additional qualified and approved suppliers.

Reason for Changes:	
As part of TE Connectivity s continuous improvement and supply chain optimization initiatives, we are pleased to announce the qualification of additional manufacturing sources for die cast components. The die casting process will be performed at qualified production locations operating under TE Connectivity requirements and quality management systems. The qualification activities have been completed according to TE Connectivity standards to ensure no adverse impact on product fit, form, function, reliability, or performance. Prior to implementation, all applicable validation and qualification requirements have been completed to verify compliance with relevant specifications and customer requirements. This change is intended to improve supply chain robustness, manufacturing flexibility, and long-term product availability. If you have any questions regarding this change, please contact your TE Connectivity representative within 14 business days after receipt of this notice.
