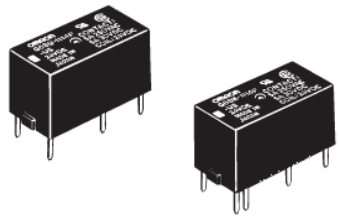
Notice of Change in Mechanical Durability Rating Due to Magnet Replacement

NOTE:

This PCN is intended for use exclusively in EUROPE, Middle East and Africa.

[Target Products]

PCB Power Relays G6BU-1114 series
G6BK-1114 series
< Refer to the " **[Details of applicable model]** " . >



Product images

[Effective Date]

Effective as of our production in November 2026.

[Reason for change]

To improve material availability and production efficiency, the magnet used in the product will be changed. Accordingly, the mechanical durability rating will be revised.

[Changes]

Before the change	After the change
Mechanical Durability 50,000,000 operations min.	**Mechanical Durability** 10,000,000 operations min.

* There are no other changes to the specifications.

Specifications in this product news are as of the issue date and are subject to change without notice.
Only main changes in specifications are described in this document. Please be sure to read the relevant catalogs, datasheets, product specifications, instructions, and manuals for precautions and necessary information when using products.

Before change			After change*			*If After the change values are the same, it means the product only had technical or packing change, which does not effect the product codes!
