

4300 Series

Enclosures in Steel - IP54

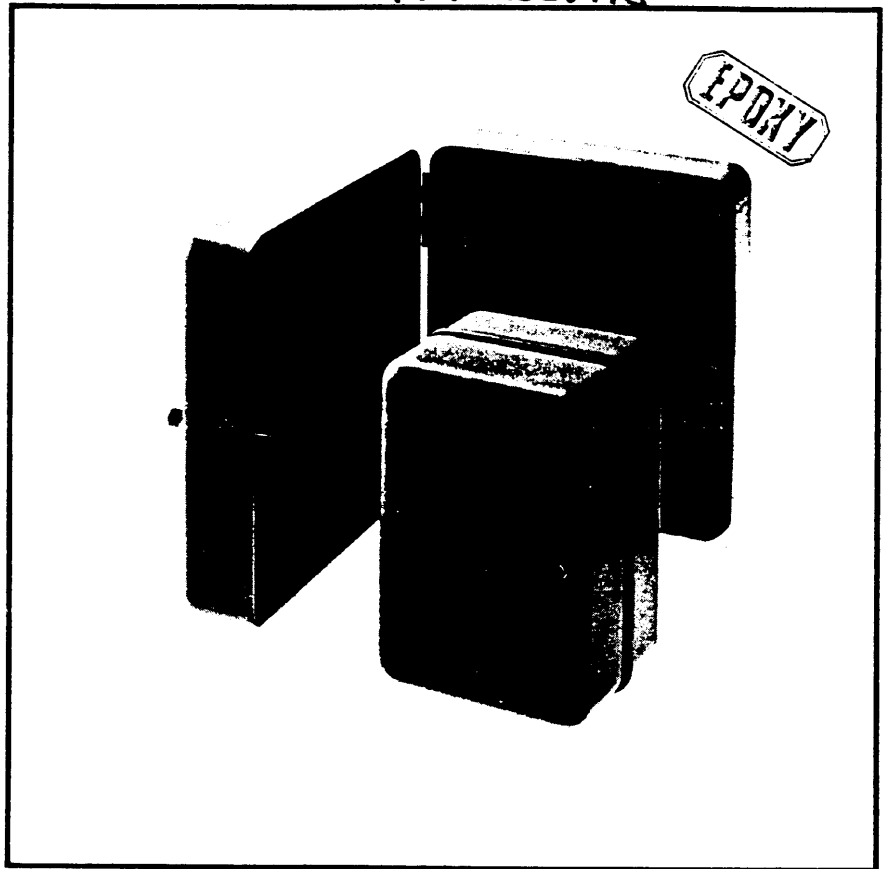

141-423/425
141-598
149-256/718

These new small enclosures in Steel usefully fill a gap at the bottom of our range.

Strong, finished in attractive epoxy powder paint finish, they enable small installations to be completed with ease, and give a good degree of protection against the ingress of dust and liquids.

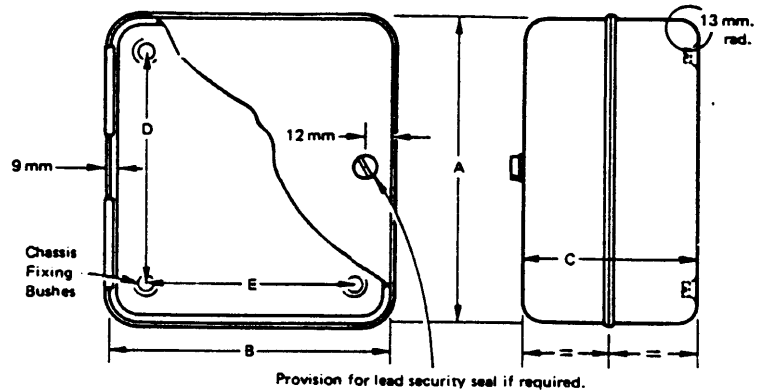

Glazed door and key locking versions now available, to order add VA to reference, e.g. — 4310VA.

Wall fixing brackets are now available - Reference 21243.

REF.	External Dimensions			Usable Internal Dimensions	Fixing Centres		Flat Plate Chassis Ref.No.
