DIGITAL REVERB DR600

Thank you for showing your confidence in us by purchasing the BEHRINGER DIGITAL REVERB DR600. This ultimate effects pedal is specifically designed to deliver 24-bit high-resolution stereo reverbs comparable to state-of-the-art studio processors. Thanks to six renowned modes and extensive parameter control for maximum creativity you'll have plenty of cool sounds at your disposal for every situation.

- 1 The *LEVEL* control adjusts the output level.
- 2 The TONE control allows you to shape your overall sound.
- 3 The *TIME* control determines the reverb time.
- 4 The MODE control lets you chose between six different reverb sounds:

SPRING: Simulates classic spring reverberation.

PLATE: Simulates the sound of plate reverberation.

HALL: Very bright reverb that simulates the reflections of a concert hall.

GATE: This effect synthetically cuts off reverberation after a period of time.

ROOM: Clearly hear natural room acoustics.

MODULATE: By detuning the reverb tail it creates spacious, almost choir-like reverb that reminds a little bit of a chorus effect.

- 5 The ON/BATT LED illuminates when the effect is activated. It also serves as a battery level indicator.
- 6 Use the footswitch to activate/deactivate the effect.
- Use the two 1/4" TS connectors *IN A* and *IN B* to plug in a stereo input signal. For mono use just plug in IN A.
- The two 1/4" TS connectors OUT A and OUT B send the signal to your amp. Use both connectors if you want to achieve full stereo effect. For mono use just plug in OUT A.

Use the DC IN connection at the front of the unit to plug in a 9 V power supply (not included).

The *BATTERY COMPARTMENT* is located underneath the pedal cover. To install or replace the 9 V battery, press the hinges with a ballpen and remove the pedal cover. Be careful not to scratch the unit.

INF The DR600 has no on/off switch. As soon as you insert the jack into the IN connector, the DR600 begins running. When not using the DR600, remove the jack from the IN connector. This extends the life of the battery.

The SERIAL NUMBER is located at the bottom.

2. WARRANTY

For our current warranty terms, please refer to our website at http://www.behringer.com.

4. SAFETY INSTRUCTIONS

Do not use near water, or install near heat sources. Use only authorized attachments/accessories. Do not service product yourself. Contact our qualified servicing personnel for servicing or repairs, **especially when power supply cord or plug is damaged**. No utilizar cerca de agua o instalar cerca de fuentes de calor. Utilice sólo accesorios y aditamentos autorizados. No intenté reparar el producto usted mismo. Contacte a nuestro personal técnico cualificado para servicio y reparaciones, **especialmente cuando la** fuente o el cable de **alimentación estén dañados**.

Не эксплуатируйте прибор вблизи от источников воды и тепла. Применяйте только авторизованные дополнительные устройства. Никогда не ремонтируйте прибор самостоятельно. Ремонт может производить только квалифицированный специализированный персонал, **особенно при повреждениях сетевого провода или сетевой вилки.**

水分の近くや、ヒーターなど熱気のある場所では使用しないでください。正式に認可された付属品のみを使用してください。製品はご自 分では決して修理せず、特に電源コードもしくはブラグが損傷した場合には、必ず製品サービスおよびリベアの資格を有した当社の担当 員にご相談ください。

不要在靠近水源的地方使用,或在靠近热源的地方安装。只使用经过许可的附件/配件。不要自己进行产品维修,**尤其是当电源线或插座损** 坏的时候,请联系我们的专业服务人员有关产品维修事宜。

DIGITAL REVERB DR600

complies with the FCC rules as mentioned in the following paragraph:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Important information:

Changes or modifications to the equipment not expressly approved by MUSIC Group can void the user's authority to use the equipment.
