

AT6550

- BS 476 part 6 class 0 and part 7 category 1 BS 3887 : 1991.
- Flame retardant
- Good high temperature resistance
- Easy unwind and tear
- Conformable to irregular shapes
- Water resistant
- Aggressive adhesive

Applications

- Closing air duct insulation
- Insulation of heater casings and high pressure steam pipe insulation

Thickness	0.08mm
Breaking Load	22 N/cm
Elongation	5%
Adhesion To Steel	3.8 N/cm
Service Temp	-20°C to +110°C
