The Samsung Omnia Pro B7350 gives you the best of both worlds with a 2.62" touchscreen display as well as a full Qwerty keyboard. The B7350 allows you to access and download the latest apps via Microsoft's Windows Mobile 6.5 OS. You can also open and edit Microsoft Office documents and send and receive email. The B7350 also boasts a 3 megapixel camera, HSDPA and Wi-Fi connectivity allowing for high speed web access, Bluetooth, GPS and expandable memory up to 32GB giving you plenty of room to store your apps, music, photos and more.

Windows Mobile 6.5

The Omnia Pro B7350 runs on Windows Mobile 6.5, with a user friendly interface that lets users access all their favourite content from the homescreen. Windows Mobile includes Pocket Office which lets users open and edit Word, Excel and PowerPoint documents, can run multiple applications at once and can download and install new apps from Windows Marketplace to further enhance the user experience.

Full Touch Screen and QWERTY Keyboard

The Omnia Pro B7350 has a large bright TFT touch screen and a full QWERTY keyboard giving you the best of both worlds. Navigate with ease using the vivid 2.62 inch touchscreen and compose emails and messages effortlessly with the full QWERTY keypad.

3 Megapixel Camera

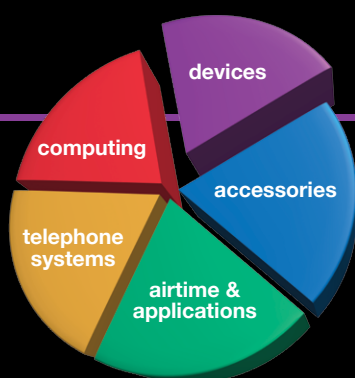

With a built in 3 megapixel autofocus camera, the B7350 takes quality pictures that you will want to share with your friends. Store them in your phone, email them to friends or upload them to your blog.

GPS

With built in GPS you can use the B7350 to locate your position, plan your journey, and as a general SatNav device, when used in conjunction with compatible mapping software.

Music

With a built in music player, you can carry your tunes with you, in your pocket, and listen to them when you want. With the Stereo FM Radio you will always have access to the latest tunes on your phone.
