# Miniature Low Torque Snap Action Switch E51/E53 Series

## Features

- Long life coil spring mechanism
- Low torque rotary actuation
- Clockwise or counter clockwise actuation
- Six terminal styles
- RoHS compliant

Miniature Low Torque

# E51/E53 Series

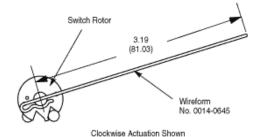

**Dimensions inches** 

## **Terminal Options** inches

## Actuators

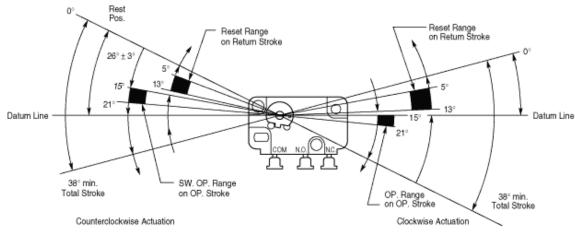

• Wireform actuators are supplied unassembled with each switch, they may be assembled to the switch rotor as shown.

## **Ordering Information**

Select the current rating prefix you need (E51/E53). Combine the prefix with the corresponding terminal configuration. For example part number E53-60E will provide you with a gold crosspoint counter clockwise operating switch with 0.205" vertical straight terminals. To order a normally open version simply 'add 1' to the suffix to obtain E53-61E and normally closed 'add 2' for part number E53-62E
