Active Safety Rest with Stop+Go for FE Irons

Second Safety Rest with Fibre Optic Sensor for Extending to 2 Workplaces for FE 25, FE 50, FE 50M, FE 75 and FE 80

The Weller Zero-Smog Systems put an end to air pollution caused by soldering, adhesives and laser work. In all of these applications fumes or fine particles are released into the work place atmosphere which are hazardous to staff exposed to them. The Weller Zero-Smog Systems' combination of pumps, electronic controls and filters removes this hazard.
