

Zinc Galvanised Steel ESD 310 Shelving

- 450 shelving is strong and stable
- Assembled without unsightly crossbracing
- Only two components, uprights and shelves
- Can be extended in both directions, including around corners
- Constructed from galvanised steel, making it highly conductive
- Any electrical charges that arise are prevented or dispersed
- 120kg per shelf load capacity
- 310 shelving can be used in conjunction with red Raaco shelf bins
