

3M™ 740D Shoe/Footwear Electrode Dual Plate

Part No	Stock Number	Description
741D	98079856112	Dual Shoe Electrode EU Version (for use with 740E)

Note: For correct measurements make sure that the 741 shoe electrode is never in electrical contact with conductive floor or any other grounded parts. Please apply the enclosed anti-slipping strip underneath the electrode support housing as a precaution.

Note: Pour obtenir des mesures correctes, bien s'assurer que l'électrode de chaussure 741 ne soit jamais en contact électrique avec un sol conducteur ou toute autre pièce mise à la terre. Prière d'utiliser la bande anti-glissante sous le châssis du support de l'électrode, par mesure de précaution.

Achtung: Für eine korrekte Messung ist es notwendig, daß kein elektrischer Kontakt zu einem geerdeten, leitfähigen Bodenbelag oder irgendwelchen geerdeten Gegenständen besteht. Bitte verwenden Sie den selbstklebenden Anti-Rutsch-Streifen auf der 741 Elektrodenunterseite, um einer Rutschgefahr für den Benutzer vorzubeugen.

Note: Para obtener medidas correctas asegure de que el electrodo para calzado 741 nunca entre en contacto con suelos conductivos u otras partes conectadas a tierra. Como precaución aplique la tira antideslizante adjunta en la parte inferior de la cubierta de soporte del electrodo.

Nota: Per ottenere misurazioni corrette, controllare che l'elettrodo 741 per calzature non sia mai a contatto elettrico con un pavimento conduttivo o altre parti collegate a terra. Per precauzione, applicare sotto l'alloggiamento di supporto dell'elettrodo la striscia anti-sdruciolamento fornita.
