

'Ranger 24' Oil Free Air Compressor'

The ideal lightweight compressor for the DIY user, hobbyist or semi professional. As this compressor is oil free it is ideal for contamination free paint spraying, tyre inflation, blow cleaning, stapling etc. The user friendly features on this model include an automatic on/off pressure switch and air regulator for controlled air pressure and trouble free use. The rubber tyred wheels and handle make this an easily portable machine.

All Clarke compressors are fully tested and EU compliant.
