16CH D1/CIF H.264 Network Digital Video Recorder

FEATURES

SUse the standard H.264 video compression format stream lower, high quality, longer recording time,

taking up less bandwidth resources

- GUI OSD interface, USB Mouse controller, more intuitive, easier to use for user-friendly
- Support 4ch Full D1 + 12ch CIF realtime recording resolution.
- Dual-stream design, network remote view effects and local recording effects parameters can
- be set separately, independently of each other.
- B Hexaplex operation simultaneously: Preview, recording, playback, backup, network live, mobilephone view
- Multiple record mode: Auto, timer, motion recording mode
- D Recording playback support: Normal play, Speed play, Fast back play, Manual single-frame slow play
- Support drag the progress bar can be targeted playback time directly
- Support Multiple channel playback (Support 16CH playback simultaneously, each channel can be

enlarge to full screen)

- Support Network function: one IE browser centralized monitoring and CMS Software for multiple DVR (up to 255 DVR simultaneously)
- Support TCP/IP,DHCP,DNS,DDNS,PPPoE,FTP,UPNP,E-mail,IP rights,IP search and NTP network service
- Supports remote surveillance up to 10 users simultaneously via the Enternet Explorer web browser
- Support more than 17 kinds protocol of the PTZ control
- Supports Multiple backup mode: USB flash drive, USB hard disk, USB CD/RW and network backup
- Support pre-alarm recording (before 10 sec), not lose any suspicious screen
- Support 1 SATA HDD,each max upto 2TB
- Support 4ch audio inputs
- Support Mobilephone remote view by Symbian S60V3/V5; WindowsMobile; Android

system; Iphone; Blackberry (8520, 8530, 8900, 9530, 9550, 9000, 9700, 9630).

Support High-Definition VGA output

- Support IR remoter controller
- Support alarm triggered recording will send alerts matter to the designated email.
