TouchPoint is designed to replace a standard cam lock in a variety of storage cabinets or enclosures. It consists of a solid die cast body with a ten-digit changeable combination and a clutch mechanism to turn the cam. The TouchPoint lock can be mounted on top of the door surface or flush mounted into the door.

With the TouchPoint pushbutton cam lock, manufacturers and locksmiths can add their own easy-to-secure medicine chests, gun boxes, liquor cabinets, home entertainment units, courier pick-up boxes, tool chests, private files, display cases, supply cabinets, petty cash drawers and other storage enclosures, bringing new value-added solutions to the market.
