Accurate measurement

The Dino-Lite Premier model AM3613TB with our strobomicroscope feature takes perfect pictures each time by reducing motion blur while under magnification. Use it for monitoring production lines in a manufacturing environment, or observing a tadpole in a laboratory. Shaky or moving objects are ideal environments to utilize the AM3613TB stroboscope feature.

Three settings for the built in lights

*On-Normal viewing

*Off-external or ambient lighting

*STROBOSCOPE-mode to capture distortion free images for quick moving objects

APPLICATIONS

Science / Engineering work / Study / Detailed repair / Assembly & quality control / Electronic industry / Mechanical industry / Hobbies & collecting (coin, stamp, watch, jewelry, etc) On line chatting / Antiques / Enforcement
