MultiFit is Weidmüller#92s marker system that is suitable for use with other makes of terminals with pitches of 4, 5, 6, 6.5, 7.5, 8, 10 and 12 mm. Similar to the Weidmüller Dekafix, the markers of the **MultiFit** series are available ready-to-use with standard printing.

You are recommended to carry out a test with sample markers on the terminals concerned when using **MultiFit** for the first time.

- One marker suitable for different makes of terminal
- Ready-to-use markers with standard printing
- Blank markers for printing with the **SMark Laser**, **PrintJet**, **plotter** or **MC-Mobilo**
- Individually printed markers supplied based on customer CAD data or specifications
- One marking system for all applications
