

Polypropylene Treated Paper Cone Woofers

A range of 8Ω woofers that have a smooth, rich frequency response with the ability to produce instantaneous bass blasts with untainted accuracy. The 4½" has a super C-Lite surround increasing its frequency range, whilst the other sizes have rubber surrounds, offering deeper, low end frequency response.

Speaker	Power Rating	Frequency Response	SPL
114"	40 RMS, 60 max.	60Hz to 10kHz	94dB
5.25"	60 RMS, 100 max.	48Hz to 6kHz	91dB
