

Fortimo LED linear light module

Fortimo LLM 1100-1800 cable 25cm

The Fortimo LLM system (linear module, driver and cable) represents a breakthrough in the energy efficiency of LED-based general lighting. Its cutting-edge LED technology ensures peak performance, delivering constant light output with good color rendering and consistency – and without compromising on light comfort. The system's batwing-shaped light distribution makes it easy to create uniform rectangular light patterns. Though designed primarily for residential outdoor lighting applications, this reliable, upgradeable solution is also suitable for many professional indoor applications. Fortimo LLM is a Green Product, contains no mercury and is fully RoHS-compliant.
