4. FIRST AID MEASURES

Ingestion DO NOT induce vomiting. Observe the patient carefully. Never give liquid to a person showing signs of being sleepy or with reduced awareness; i.e. becoming unconscious. Give water (or milk) to rinse out mouth. Then provide liquid slowly and as much as casualty can comfortably drink. Seek medical advice. If poisoning occurs, contact a doctor or a Poisons Information Centre.

Eye Contact Immediately hold the eyes open and wash with fresh running water. Ensure irrigation under the eyelids by occasionally lifting upper and lower lids. If pain persists or recurs seek medical attention. Removal of contact lenses after an eye injury should only be undertaken by skilled personnel.

Skin Contact Not normally a risk due to non-irritating nature of product. If application unintended or irritation occurs, wash with soap and water. If irritation continues seek medical attention.

Inhalation If fumes or combustion products are inhaled, remove to fresh air. Lay patient down. Keep warm and rested. Other measures are usually unnecessary.

Advice to Doctor Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Specific Dangers None known.

Hazards from Combustion The material is not readily combustible under normal conditions. However, it will breakdown under fire conditions and the organic component may burn.

Flammability Not considered to be a significant fire risk.

Extinguisher Type Water, foam, carbon dioxide, dry chemical.

Hazchem code None allocated

6. ACCIDENTAL RELEASE MEASURES
**Emergency and Evacuation**

Ensure adequate ventilation.

**Procedures**

Area may become slippery.

**Minor Spills**

Clean up all spills immediately. Control personal contact by using protective equipment. Slippery when spilt. Wipe up. Place in suitable containers for disposal.

**Major Spills**

Slippery when spilt. Minor hazard. Clear area of personnel. Alert Fire Brigade and tell them location and nature of hazard. Control personal contact by using protective equipment as required. Prevent spillage from entering drains or waterways. Contain spill with sand, earth or vermiculite. Collect recoverable product into labelled containers for recycling. Absorb remaining product with sand, earth or vermiculite and place in appropriate containers for disposal. Wash area and prevent run-off into drains or waterways. If contamination of drains or waterways occurs, advise emergency services.

---

**7. HANDLING AND STORAGE**

**Handling**

No special requirements.

**Storage**

Store in original containers. Keep containers securely sealed. Store in a cool, dry, well-ventilated area. Store away from incompatible materials and foodstuff containers. Protect containers against physical damage and check regularly for leaks. Observe manufacturer’s storing and handling recommendations. Store below 30°C.

**Suitable Container**

Plastic tube

**Storage Incompatibility**

Avoid storage with oxidisers.

---

**8. EXPOSURE CONTROLS / PERSONAL PROTECTION**

**Exposure Standards - Australia**

Exposure Standards have been set for the following ingredients:

<table>
<thead>
<tr>
<th>Ingredient</th>
<th>CAS No.</th>
<th>TWA ppm</th>
<th>STEL ppm</th>
<th>Carcinogen Category</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Paraffin (Oil Mist, refined mineral)</td>
<td>8012-95-1</td>
<td>5</td>
<td>-</td>
<td>-</td>
<td>-</td>
</tr>
</tbody>
</table>

**Exposure Standards - New Zealand**

Exposure Standards have been set for the following ingredients:

<table>
<thead>
<tr>
<th>Ingredient</th>
<th>CAS No.</th>
<th>TWA ppm</th>
<th>STEL ppm</th>
</tr>
</thead>
<tbody>
<tr>
<td>Paraffin (Oil Mist, mineral)</td>
<td>8012-95-1</td>
<td>5™</td>
<td>10</td>
</tr>
</tbody>
</table>

**Notes**

TWA = Time Weighted Average
STEL = Short Term Exposure Limit

(™) Worksafe Australia Exposure Standards for Atmospheric Contaminants in the Occupational Environment [NOHSC:1003 1995]

(™) Workplace Exposure Standards endorsed by the Occupational Safety and Health Service (OSH) of the Department of Labour;
Revised: January 2002
Engineering Controls

Use in well ventilated areas. Maintain air concentrations below exposure standards.

Personal Protection

Eye

No special equipment for minor exposure i.e. when handling small quantities. OTHERWISE: Safety glasses with side shields. Contact lenses pose a special hazard; soft lenses may absorb irritants and all lenses concentrate them.

Hands/Feet

No special equipment needed when handling small quantities. OTHERWISE: Wear general protective gloves, e.g. light weight rubber gloves.

Other

No special equipment needed when handling small quantities.

Work/Hygienic Practices

Wash thoroughly with soap and water after handling.

9. PHYSICAL DESCRIPTION/PROPERTIES

Appearance

Smooth, soft, homogeneous white cream

pH

4.0 - 5.5

Vapour Pressure

Not available

Vapour Density

Not available

Boiling Point

Not available

Freezing Point

Not available

Solubility (Water)

Miscible

Relative Density

0.965 - 0.985 @ 20°C

Flashpoint

Not available

Viscosity

80000 cp - 700000 cp (Brookfield) @ 20°C, Helipath T/F @1.5 rpm

10. STABILITY AND REACTIVITY

Stability

Stable under normal use conditions.

Dangerous Reactions

Heat may cause expansion or decomposition with violent rupture of containers.

Incompatible Materials

Avoid oxidising materials.

Decomposition Products

Decomposes on heating and may produce toxic fumes of Carbon monoxide (CO). May emit acrid smoke. Combustion products include Carbon dioxide (CO₂), Nitrogen oxides (NOₓ), chlorides and some halogens.

11. TOXICOLOGICAL INFORMATION

Acute Effect(s)
Swallowed

The material is discomforting to the gastrointestinal tract and may be harmful if swallowed. Ingestion may result in nausea, abdominal irritation, pain and vomiting.

Eye

The material is discomforting to the eyes and capable of causing a mild, temporary redness of the conjunctiva (similar to wind-burn), temporary impairment of vision and/or other transient eye damage/ulceration.

Skin

Designed for deliberate application to the skin. Very low risk of irritation to the skin.

Inhaled

Not normally a hazard due to non-volatile nature of product.

Chronic Effect(s)

Principal route of exposure is usually by skin contact. Skin sensitisation and allergic reactions can occur rarely in some susceptible individuals.

Toxicity Information

Information is based on available component data and their concentrations in the product.

12. ECOLOGICAL INFORMATION

Ecotoxicity

The ecotoxicity of this product has not been determined.

13. DISPOSAL

Disposal Method

Product should be treated according to the instructions given under sections 6, 7 and 8 above. Recycle wherever possible or consult manufacturer for recycling options. Recycle containers if possible, or dispose of in an authorised landfill. Dispose of according to Local, State and Federal regulations. Contact relevant authority for details.

14. TRANSPORT INFORMATION

Road Transport Regulations (ADG)
