 Subject: RE: TRUMETER

Hi Margaret,

Please see attached the spreadsheet which details which items are kept in our stock and what is now special order. The special order parts are ones that all have a substitute part and we have made them special order based on the volume of these units we have sold over the last 12 months. Special order parts will have a minimum order quantity of 50 pieces and have a lead time of 8-10 weeks.

We will be happy to work with any member of your team in any way necessary, including suggesting alternate parts for customers.

Please advise any questions or concerns that you have.

Thank you,

Mike DeMasi
 Distributor Sales Manager
