Aurora 70 pin Trace Cable for Gigabit TAP ☆

- Overview
- Downloads
- Buy / Specifications

This cable allows you to connect the Gigabit TAP with TRACE to a 70-pin Aurora connector. Freescale normally ships development kits with 70-Aurora connectors and 70-pin is the standard cable that comes with the Gigabit TAP with TRACE. All of our kits already come with this cable included so you would ONLY purchase this cable if you needed a replacement.

Features

- Facilitates the use of high-speed real-time trace
- Connects Gigabit TAP with TRACE to 70-pin Aurora connector on your target board.

System Requirements

- A Gigabit TAP with TRACE OR
- A Gigabit TAP with a TRACE daughter card upgrade
- A target system with a 70-pin Aurora connector on the board.
