

Features:

- This is a liquefied gas which provides a dry, powerful blast for the easy removal of dust and debris
- This product has been formulated without the use of any CFCs or HCFCs, and is non-flammable in use

Applications

Ideal for removing dust and debris from most electrical and electronic equipment including keyboards, printers and PCB's. Quickly and efficiently cleans inaccessible areas

Directions

Spray directly onto the affected area using the extension tube if required. Always keep the can in a fairly upright position when spraying to avoid the possible discharge of liquefied propellant. Care should be taken as the liquefied propellant can cause frost burns

Technical Information

Appearance	Gas at room temperature
Odour	Slight odour
SG at 25°C	1.21
Pressure at 25°C	6.8 bar
Discharge Rate	0.5 g / s
Flammability	Non-flammable
Flashpoint	Not applicable in sealed aerosol

Storage

The product may be stored at normal temperatures and has a shelf life of not less than 36 months with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flames

Part Number Table

Description	Part Number
Air Duster, 400 ml Aerosol	PPC101
