Epson **Expression Home XP-305**

The Epson Expression Home XP-305 is part of the Small-in-One range - Epson's smallest ever range of all-in-one home inkjets. This printer, scanner and copier offers cost-effective printing for home users who are looking for the added benefit of Wi-Fi connectivity, LCD screen as well as mobile printing.

The Epson Expression Home XP-305 comes with Epson Connect[1], offering even more flexibility and freedom. It allows users to quickly and easily print documents and photos wirelessly from smartphones and tablet PCs. Additionally, users can print from anywhere in the world by emailing documents and photos directly to the printer.

The XP-305 is Apple AirPrint ready and makes it simple to print emails, photos, web pages and documents directly from iOS devices[2].
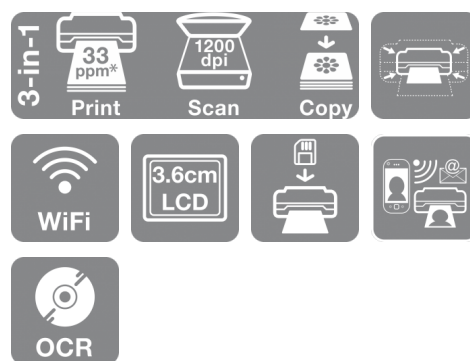

Meanwhile, Google Cloud Print is also supported and allows users to print on the go from a smartphone or computer.

The automatic Wi-Fi set-up[3] makes configuring laptops and computers to print and scan wirelessly extremely easy, as the XP-305 automatically finds the relevant connection settings in order to configure itself. In addition, a 3.6cm colour LCD screen and accompanying memory card slot offers easy-to-use printing with helpful menu prompts.

Epson's new, Claria Home Ink is ideal for affordable reliable printing, producing crisp, clear text documents and glossy, lab-quality photos. With individual ink cartridges you only have to replace the colour used, saving you money.
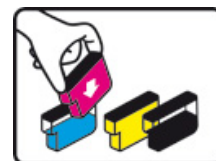

Claria Home Ink cartridges are available in standard and XL sizes, with page yields displayed clearly on each pack. Identifying the right ink cartridge for your printer couldn't be simpler – just look out for the Daisy image.

KEY FEATURES

- Save space, save money, save time
- PC-free printing
- Mobile printing over Wi-Fi and email
- Easy to connect wirelessly
- Only replace the colour used

EPSON
EXCEED YOUR VISION
