

G3 Industrial Maintenance Cleaner

1635

Maintenance cleaners clean oil and contaminants off of metal parts, printed circuit boards, barcode instruments, switch boxes, gear boxes, and engines.

Techspray has produced Blue Shower maintenance cleaners for over 30 years, making Blue Shower a staple in maintenance departments all over the world!

Contact cleaners remove oxidation, oil, and other contaminants off of contacts, metal switches, motors, relays, generators, edge connectors, buss bars, circuit breakers, scales and sensors. Contact cleaners are used in electrical maintenance and to repair faulty contacts by removing insulative contamination.

Techspray offers a variety of solvents and waterbased cleaners that allow customers to match the right products with their cleaning needs. Choosing a strong, high quality cleaner saves time and money. Grease and oil flow right off, reducing the time and materials needed to scrub off stubborn soils.

Non-flammable aerosol & powerful cleaner

Maintenance cleaners clean oil and contaminants off of metal parts, printed circuit boards, barcode instruments, switch boxes, gear boxes, and engines. Techspray has produced Blue Shower® maintenance cleaners for over 30 years, making Blue Shower a staple in maintenance departments all over the world! G3 Industrial Cleaner is perfect for all types of degreasing, metal cleaning, contact cleaning, and other maintenance cleaning. Quickly blasts off oils, greases, silicones, dirt and grime. This patented cleaner is much safer than the three most common non-flammable industrial solvents: TCE, nPB, and Perc.

- **Powerful cleaner**
- **Non-flammable aerosol**
- **Non-ozone depleting**
- **Safe on electronics**
- **Rapid evaporation**
- **Zero residue**
- **Safe on most plastics**
- **EPA SNAP approved**

1635-20S
G3 Industrial Maintenance Cleaner
20 oz
12 units/case

Instructions

Disconnect equipment from power source. Make sure opening of sprayhead is pointing toward surface to be cleaned. Hold can 6-8 inches away. Direct spray to saturate soiled surface. A TechBrush® (2000 Series) may be utilized to help in the removal of heavy soils. When used as a general cleaner, start at top of area to be cleaned using a sweeping motion and spray the area, slowly working toward the bottom. To clean in hard to reach areas, insert extension tube in sprayhead to direct spray. Allow components to dry completely before applying current.

Chemical & Physical Properties

Appearance	Clear, colorless liquid
Odor	Faint ethereal odor
Flash Point	36°F
VOC (EPA)	69%
VOC (CARB)	69%
Boiling Point	
Density	1.18 g/ml

Chemical Composition

CHEMICAL NAME	CAS #
1,2-transdichloroethylene (Trans)	156-60-5
2-Propanol	67-63-0
1,1,1,2-Tetrafluoroethane (HFC-134a)	811-97-2
Carbon dioxide	124-38-9

Environmental Policy

Techspray is committed to developing products to ensure a safer and cleaner environment. We will continue to meet and sustain the regulations of all federal, state and local government agencies.

Resources

Techspray products are supported by a global sales, technical and customer services resources.
