

Benefits

- Pre-cut for rapid removal from backing sheet
- Choice of 3 sizes; ideal for faceplates, outlets and general use
- Print using ordinary standard office laser and the pro-power software*
- For colour font / background use colour laser printer*

Description

Labels made from highly durable 50 micron polyester ensuring maximum opacity Also incorporating a strong acrylic adhesive for long-term bonding. For best results use on a clean, dry, grease-free, smooth surface. Special laser printable surface ensures high quality and consistency of print. Labels tested up to 85°C for 1,000 hrs

Available in three sizes; 22mm × 7mm, 50mm × 10mm and 60mm × 25mm. Ideal for faceplates, outlets or for general applications

* There are 2 levels of the pro-Power software; Free Standard level (limited functionality) Advanced level (extra functionality). The free Standard level is downloadable from <http://www.silverfox.co.uk/pro-power>. Bundled with the Standard at download is the Advanced level for 6 days of trial (free of charge). TIP: If you only need a few labels, prior to printing, use variable start position option on the Advanced software and print the labels at the bottom of the sheet to keep the leading edge of the sheet intact for future runs. The Advanced level is extra cost after initial trial. The Standard level is free

Technical Data

Material	50 micron self-adhesive polyester
Tested Range	-40°C to 85°C (-40°F to 185°F)
Printer Type	Laser printers only

Sample of Order Code L75/20LW

Drawing not to scale

Dimensions : Millimetres
