20ppm
20 pages per minute A4

"Built to last, Easy to use"

- Monthly Duty Cycle of 20,000 pages, up to 3 times more than comparable printers in a similar class

- Simple one-button operation to cancel prints / print a test page

- Pain free cartridge replacement with straight-forward installation procedure

- Direct paper path, solid metal paper roller bars and hard rubber paper roller grips, to greatly reduce paper jams

- Constructed around a sturdy metal chassis and frame unlike many other printers in a similar class

- Robust printer that deals with day-to-day wear and tear well

- Longer engine life

- Lower vibration which improves clarity of prints and sharpens small text and symbols on documents

- Environmentally friendly, low cost and low carbon footprint design, highly efficient and low ozone emissions

- Built-to-last design and higher capacity toners reduce the total cost of ownership
