

Features:

- Single ply face mask is made of high quality bonded fibre fabric paper with elastic bands as ear loops
- Two sides of the seams are heat welded to maintain high level of cleanliness
- Double ply face mask is made from 2 layers of spun bonded non-woven / thermally sealed waffle pattern propylene (P.P.) micro-fibres with 1/16 inch centre (with no break / hole visible), providing excellent filtration and absorption
- Three ply face mask has 3 layers of folding in vertical direction to cover the mouth, nose and chin
- It creates a dome shape when worn
- Both inner and outer layer of the masks is made of white non-woven fabric
- Between these, there is a layer of high efficiency filter which can effectively filter bacteria and particles
- All face masks are hypoallergenic that prevents irritation and allergy problems to sensitive skins
- A nosepiece made of 100% aluminium, is embedded on the upper side of the double / three ply face mask
- This ensures a closer contact of the mask to the nose

Part Number Table

Description	Part Number
Face Mask, 1 Layer, PK100	DYC600-01-01
Face Mask, 2 Layer, PK100	DYC600-02-01
Face Mask, 3 Layer, PK50	DYC600-03-01
