

Limited Time Offer

Lower Prices For GSA

Designing superior solutions for defense applications requires the best tools to meet your cost and performance needs. Tektronix oscilloscopes with built-in analysis tools have superior capabilities that allow you to overcome today's challenges while designing for tomorrow's applications.

For a limited time, Tektronix is offering lower prices on select oscilloscopes to provide GSA customers access to the strongest selling products, faster.

MSO/DPO3000 Series – Efficiency. Flexibility. Performance.

Price: Starts at just \$2,552*

Looking for an all-purpose oscilloscope? Look no further. Measure up to 20 channels of analog and digital signals with one instrument. Save time with automated measurements, and built-in serial and parallel bus analysis. Upgrade the bandwidth of your scope anytime after purchase. Instantly search your entire record with Wave Inspector®. Efficiency. Flexibility. Performance. One general-purpose oscilloscope.

MSO/DPO4000B Series – Powerful. Versatile. Packed with features.

Price: Starting at just \$9,552*

Debug complex designs faster with an oscilloscope that's as versatile as it is powerful. Measure up to 20 channels of analog and digital signals. Analyze serial and parallel buses. Instantly search your entire record with the time-saving Wave Inspector®. Finally, an oscilloscope that multitasks as well as you do.

Working with RF? The MDO4000 Mixed Domain Oscilloscope Series is the world's only oscilloscope with a built-in spectrum analyzer for analyzing analog, digital and RF signals, and includes all the great features of the MSO/DPO4000B Series.

MSO/DPO5000 Series – Feature-rich tools for debugging mixed signal designs

Price: Starting at just \$10,624*

The performance you've wanted. A price you never thought possible. Measure up to 20 channels of analog and digital signals. Analyze specialty applications with up to 10 optional software packages. View up to 16 serial and parallel buses on your display at once. Performance and value. Some engineers have all the luck.

*Tektronix US MSRP. Please check www.tektronix.com/GSA for complete GSA price list
