SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

MOUSSE POLYURETHANE COUPE FEU
Aerosol

1.2. Relevant identified uses of the substance or mixture and uses advised against

Sealants and Isolation

1.3. Details of the supplier of the safety data sheet

CRC Industries Europe bvba
Touwslagerstraat 1
9240 Zele
Belgium
Tel.: +32(0)52/45.60.11
Fax.: +32(0)52/45.00.34
E-mail: hse@crcind.com

1.4. Emergency telephone number

CRC Industries Europe, Belgium: Tel.: +32(0)52/45.60.11 (office hours)

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to 67/548/EEC or 1999/45/EC:

**Health:**
- R20: Harmful by inhalation.
- R36/37/38: Irritating to eyes, respiratory system and skin.
- R40: Limited evidence of a carcinogenic effect.
2.2. Label elements

Contains:
diphenylmethandiisocyanate, isomers and homologues

Warning symbol(s) :
EXTREMELY FLAMMABLE

Xn : HARMFUL

Risk-phrase(s) :
R20: Harmful by inhalation.
R36/37/38: Irritating to eyes, respiratory system and skin.
R40: Limited evidence of a carcinogenic effect.
R42/43: May cause sensitization by inhalation and skin contact.
R48/20: Harmful: danger of serious damage to health by prolonged exposure through inhalation.

Safety-phrase(s) :
S2: Keep out of the reach of children.
S16: Keep away from sources of ignition - No smoking.
S23: Do not breathe vapours/spray.
S36/37: Wear suitable protective clothing and gloves.
S45: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).
S51: Use only in well-ventilated areas.
S60: This material and its container must be disposed of as hazardous waste.

Special labelling provisions:
Contains isocyanates. See information supplied by the manufacturer.
For professional users only.

Extra label elements according to Aerosol Dispenser Directive 75/324/EC:
Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Without adequate ventilation formation of explosive mixtures may be possible.

2.3. Other hazards

Persons already sensitised to diisocyanates may develop allergic reactions when using this product.
Persons suffering from asthma, eczema or skin problems should avoid contact, including dermal contact, with this product.
This product should not be used under conditions of poor ventilation unless a protective mask with an appropriate gas filter (i.e. type A1 according to standard EN 14387) is used.

SECTION 3: Composition/information on ingredients

3.1. Substances
### 3.2. Mixtures

**Explanation notes**

A : substance with Community workplace exposure limit

B : substance with national established workplace exposure limit

G : exempted from the obligation to register in accordance with art.2(7)(a) of REACH Regulation No 1907/2006

(* Explanation phrases : see chapter 16)
SECTION 4: First aid measures

4.1. Description of first aid measures

Contact with eyes:
- If substance has got into eyes, immediately wash out with water for at least 15 minutes
- Continue flushing with water until medical help arrives
- Seek immediate medical attention

Contact with skin:
- Remove contaminated clothing immediately and drench affected skin with plenty of water. Then wash with soap and water
- Seek immediate medical attention

Inhalation:
- Remove patient to fresh air
- Persons who have inhaled substance may not exhibit symptoms immediately
- In case of unconsciousness place patient in stable side position.
- Apply artificial respiration only if patient is not breathing
- Seek immediate medical attention

Ingestion:
- If swallowed seek medical advice immediately and show this container or label.

4.2. Most important symptoms and effects, both acute and delayed

Inhalation:
- May cause sensitization by inhalation.
- Vapours may be irritating to respiratory system and nasal passages.

Ingestion:
- May cause gastrointestinal disturbances
- Symptoms: sore throat, abdominal pain, nausea, vomiting

Skin contact:
- Irritating to skin
- May cause sensitisation by skin contact.
- Persons already sensitised to diisocyanates may develop allergic reactions when using this product.
- Persons suffering from asthma, eczema or skin problems should avoid contact, including dermal contact, with this product.
- This product should not be used under conditions of poor ventilation unless a protective mask with an appropriate gas filter (i.e. type A1 according to standard EN 14387) is used.

Eye contact:
- Irritating to eyes
- Symptoms: redness and pain

4.3. Indication of any immediate medical attention and special treatment needed

General Advice:
- In case of accident or if you feel unwell, seek medical advice (show the label where possible)
- If symptoms persist always call a doctor
- In case of repeated exposures, regular medical examination is advised

SECTION 5: Firefighting measures

5.1. Extinguishing media

- water, foam, carbon dioxide or dry agent
5.2. Special hazards arising from the substance or mixture

Aerosols may explode if heated above 50°C
Forms hazardous decomposition products
CO, CO₂

5.3. Advice for firefighters

Keep container(s) exposed to fire cool, by spraying with water
In case of fire, do not breathe fumes
Substance evolves toxic fumes, wear self-contained breathing apparatus

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Shut off all ignition sources
Ensure adequate ventilation
Evacuate the area
Wear suitable protective clothing including eye/face protection and gloves.

6.2. Environmental precautions

Do not allow to enter public sewers and watercourses
If polluted water reaches drainage systems or water courses, immediately inform appropriate authorities

6.3. Methods and material for containment and cleaning up

Absorb spillage in suitable inert material
Place in appropriate container

6.4. Reference to other sections

For further information see section 8

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Keep away from heat and sources of ignition
Take precautionary measures against static discharges
Equipment should be earthed
Use explosion-proof electrical/ventilating/lighting/…/equipment.
Use only non-sparking tools.
Do not breathe aerosols or vapours.
Ensure adequate ventilation
Avoid contact with skin and eyes.
Wash thoroughly after use
Wear protective gloves/protective clothing/eye protection/face protection.

7.2. Conditions for safe storage, including any incompatibilities

Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C.
Keep in a cool, dry, well ventilated place
Keep out of reach of children.

7.3. Specific end use(s)

Sealants and Isolation

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Exposure limits:

<table>

<th>CAS-nr.</th>
<th>method</th>
</tr>
</thead>
<tbody>
<tr>
<td>dimethyl ether</td>
<td>115-10-6</td>
<td>TWA 400 ppm  STEL 500 ppm</td>
</tr>
</tbody>
</table>

8.2. Exposure controls

Control procedures: Ensure adequate ventilation
Keep away from heat and sources of ignition
Take precautionary measures against static discharges

Personal protection: Take precautions to avoid contact with skin and eyes when handling the product.
Ensure adequate ventilation

Inhalation: In case of insufficient ventilation, wear suitable respiratory equipment.
Air purifying respirator equipped with organic gas/vapor cartridge (type A or AX)

Hands and skin: Wear suitable protective gloves against chemicals (nitrile)

Eyes: Wear safety goggles.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

(for aerosols data for the product without propellant)

Appearance: Physical state: Liquid under pressure.
9.2. Other information

VOC: 179.5 g/l

SECTION 10: Stability and reactivity

10.1. Reactivity

No hazardous reactions known if used for its intended purpose

10.2. Chemical stability

Stable

10.3. Possibility of hazardous reactions

No hazardous reactions known if used for its intended purpose

10.4. Conditions to avoid

Avoid overheating

10.5. Incompatible materials

Strong oxidising agent

10.6. Hazardous decomposition products

CO, CO2

SECTION 11: Toxicological information

11.1. Information on toxicological effects
Danger of serious damage to health by prolonged exposure.  
Limited evidence of a carcinogenic effect

Inhalation: Harmful: danger of serious damage to health by prolonged exposure through inhalation.  
May cause sensitization by inhalation.  
Irritating to respiratory system.

Ingestion: Ingestion is unlikely to occur

Skin contact: May cause sensitization by skin contact.  
Irritating to skin

Eye contact: Irritating to eyes

Toxicological data:

NOEC > 1000 mg/l (Daphnia magna/Algae)

12.2. Persistence and degradability

No experimental data available

12.3. Bioaccumulative potential

No experimental data available

12.4. Mobility in soil

No experimental data available
12.5. Results of PBT and vPvB assessment

No information available

12.6. Other adverse effects

No experimental data available

SECTION 13: Disposal considerations

13.1. Waste treatment methods

**Product:**
This material and its container must be disposed of in a safe way. Do not discharge into drains or the environment, dispose to an authorised waste collection point.

**Contaminated packaging:**
Disposal should be in accordance with local, state or national legislation

SECTION 14: Transport information

14.1. UN number

UN-number: 1950

14.2. UN proper shipping name

Proper shipping name: AEROSOLS

14.3. Transport hazard class(es)

Class: 2.1
ADR/RID - Classification code: 5F

14.4. Packing group

Packing group: Not applicable.

14.5. Environmental hazards

ADR/RID - Environmentally hazardous: No
IMDG - Marine pollutant: No
IATA/ICAO - Environmentally hazardous: No

14.6. Special precautions for user

ADR/RID - Tunnelcode: (D)
14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Not applicable.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

The Safety Data Sheet is compiled according to the current European requirements.
Dir. 2008/47/EC amendment of the aerosol dispenser directive 75/324/EEC.
EU-directive 99/45/EC
Regulation (EC) No 1272/2008
Regulation (EC) No 1907/2006 (REACH)

15.2. Chemical safety assessment

No information available

SECTION 16: Other information

*Explanation risk-phrases:  
R12: Extremely flammable.  
R20: Harmful by inhalation.  
R22: Harmful if swallowed.  
R36: Irritating to eyes.  
R38: Irritating to skin.  
R40: Limited evidence of a carcinogenic effect.  
R36/37/38: Irritating to eyes, respiratory system and skin.  
R42/43: May cause sensitization by inhalation and skin contact.  
R48/20: Harmful: danger of serious damage to health by prolonged exposure through inhalation.

*Explanation hazard statements:  
H220: Extremely flammable gas.  
H280: Contains gas under pressure; may explode if heated.  
H302: Harmful if swallowed.  
H315: Causes skin irritation.  
H317: May cause an allergic skin reaction.  
H319: Causes serious eye irritation.  
H332: Harmful if inhaled.  
H334: May cause allergy or asthma symptoms or breathing difficulties if inhaled.  
H335: May cause respiratory irritation.  
H351: Suspected of causing cancer.  
H373: May cause damage to organs through prolonged or repeated exposure.

REVISIONS IN CHAPTRE:  
Classification according to 67/548/EEC or 1999/45/EC:  
2.2. Label elements
This product should be stored, handled and used in accordance with good industrial hygiene practices and in conformity with any legal regulation.

The information contained herewith is based on the present state of our knowledge and is intended to describe our products from the point of view of safety requirements. It does not guarantee any specific properties. Apart from any fair dealing for purposes of study, research and review of health, safety and environmental risks, no part of these documents may be reproduced by any process without written permission from CRC.
