

Data sheet

Weller part no. T0056110399

Description. Mains, temperature controlled soldering iron type W61D

Rating 60W

Supply required 230V / 50Hz

Mains lead Burn proof, fitted with UK plug

Temperature control By tip selection

Temperature range 310C / 370C / 425C dependant on tip selection

Temperature accuracy +/- 10% of selected temperature

Consumables CT5 series tips
