

Data sheet

Weller part no. T0053260399

Description WSD 81 temperature controlled solder station

Comprising :-

Power unit. Type PUD81 part no. T0053262399

Soldering iron. Type WSP80 part no. T0052916199

Safety rest. Type WPH80 part no. T0051514099

Supply required. 230 V- 50Hz

Operating voltage. 24 V- 50Hz

Rating. 80W

Mains lead. Fitted with UK plug

Temperature range. 50 C – 450 C

Temperature accuracy. +/- 9C

Temperature selection . By up/down push buttons

Temperature display. Digital LED

Features. Automatic tool identification/ Auto off after 20 min selectable.

Other features can be set from WCB control box
