

USB Extension Cable

NEW

F3U134b10

Overview:

Our Belkin USB Extension Cable extends your existing USB device cable by 10 feet. With this handy Cable, you'll never have to struggle with cables that are too short while connecting your printer, scanner, drive, or adapter. Molded-strain relief construction and PVC overmolding ensure a lifetime of error-free transmissions and our Flextec cable jacket is flexible for use in tight areas.

Features:

- Comes with a Belkin Lifetime Warranty
- Complies with fully rated cable specifications reducing electromagnetic/radio frequency interference (EMI/RFI)
- Features fast, 480Mbps transmission speed
- Supports up to 127 devices on a daisy-chain configuration
