

Data sheet

Weller part no. T0053291699

Description WS81TEU soldering station with stop & go safety rest

Comprising

Power unit. Type PU81 part no. T0053252699

Soldering iron. Type WSP80 part no. T0052916199

Stop & Go safety rest. Type WDH11T part no. T0051516499

Supply required. 230V – 50Hz

Operating voltage. 24V – 50Hz

Rating. 80W

Dual mains leads UK & EU

Temperature range. 150C – 450C

Temperature accuracy. Set point +/- 9C

Temperature selection. By rotary potentiometer against a graduated scale

Temperature indication. By 3 condition LED (heating, at temperature, over temperature)

ESD safe

Features . Automatic tool recognition.
