Soldering Iron stable 25-125 Watts

SuperPro 125

The Portasol Advantage

- Unique patented front end provides extra durability
- Ultrasonically welded gas tanks prevent gas leaking on exposure to impact, UV light or hot and cold temperatures
- Butane compatible nylons and acetyls (plastics) carefully tested to ensure our products are safer, reliable and last longer

Anti-static / ESD safe, this tool will be a versatile addition to your toolbox.

Professional Technicians and Tool Users around the world rely on the SuperPro 125 kit for versatile and durable power in the following industries:

- Automotive
- Maintenance and repair
- Service trades
 - Aircraft
 - Electronics
 - Marine

*Durable all round
