CPU/Server to ServSwitch™ Cable (CPU Cable), Sun, Coax for 13W3, 5-ft. (1.5-m)

MFG Part Number: EHN206-0005

Description

CPU/Server to ServSwitch™ Cable (CPU Cable), Sun, Coax for 13W3, 5-ft. (1.5-m)

Quick Facts

• Guaranteed for life!

Further Details

• Use this cable with the ServSwitch™, ServSwitch Ultra™, ServManager, Matrix ServSwitch, ServSwitch Affinity™, and ServSwitch Jr.™.
• To find the cables you need: Match the connector types of your CPUs to the connectors shown (see the diagram by clicking on the Diagrams tab), choose standard or coax, then determine the length of cable you need for each run.
NOTE: All ServSwitch connections are DB25.
