

LM242 Base Mount SMA Square Magnetic

Base Mount – SMA Square Magnetic
Base Mount – SMA Square
Magnetic Antenna
This Antenna Base is suitable for a range of antenna. The 1.5 metre cable and magnetic base provides you with the means to easily position your antenna.

Features

1. Magnetic Base
2. 1.5m cable
3. Base connector SMA JACK Reverse Polarity
4. Cable connector SMA PLUG Reverse Polarity

Benefits

1. Ideal for embedded systems
2. Robust design suitable for all applications
3. The magnetic base provides easy positioning
4. The 1.5m cable provides flexibility of the antenna position

Application

1. Easy connection from the product with the SMA connector to the antenna
2. Easy location of the antenna where the antenna needs to be at a distance from the product
3. To increase the range of a product with SMA connector

Specification

LM242 – Base Mount – SMA Square Magnetic

Base Connector	SMA JACK RP
Cable Connector	SMA PLUG RP
Cable Length	1.5 m
Impedance	50Ω
Cable	Low Loss CLF100
Colour	Black
Size	73 mm x 73 mm x 29 mm
Weight	80g
