

Data sheet

Weller part no. T0056832399

Description. Solder station type WHS M

Comprises switch mode power supply, integral micro soldering iron, RT3 tip, safety rest

Rating 40W at 12V

Supply voltage 100 to 230V

Heat up time 15 sec

Temperature range 100C to 400C

Set temperatures 2 operator selected temperatures can be selected

Temperature set on touch screen

Stop / go function automatic

Display digital LCD

Uses RT series tips
