FM731
High Perf. Modular Plugs - Stranded/Shielded
Status: Available

Updated: 9-15-2004 JEF

FUNCTIONAL NOTES:

This is a category 5 plug used on round, 24 awg, Stranded cable which has a shield. It has a load bar which is used to prevent the pairs from untwisting. Their is also a metal strip outside the connector which makes contact with the shield on the cable. Installation is similar to standard RJ45 connectors with the exception of installing the loading bar. See Installation notes.

5-569552-2

PACKAGE INCLUDES:

25 modular plugs

PRODUCT SPECIFICATIONS:

Physical	
Weight	approx 0.5 oz
Dimensions	7/8"L x 1/2"W x 5/16"H
