Date: January 31, 2013
To: Cooper Bussmann Circuit Protection Customers
Subject: End of Life Notice for Non-RoHS Compliant Constructions of Select Small Dimension Fuses, Fuseclips, Fuse Holders and Fuse Blocks

Dear Valued Customer:

Effective immediately, Cooper Bussmann has discontinued producing select constructions of non-RoHS compliant products. The specific part numbers affected by this End of Life Notice are listed in subsequent pages.

Going forward, Cooper Bussmann is producing these parts ONLY in RoHS compliant constructions.

If you have been ordering and using the non-RoHS constructions of these parts, your future orders will need to be placed using the RoHS compliant part numbers shown in the attached list.

The RoHS compliant part numbers will be the same as the non-RoHS part numbers, only there will be a "-R" suffix (this suffix indicates RoHS compliance).

The RoHS compliant constructions are the equivalent in all aspects of form, fit and function with the same electrical characteristics, only now they will be in compliance with the European Union's Restriction of Hazardous Substances (RoHS) Directive.

If further information is required regarding this End of Life Notice, please contact your Cooper Bussmann representative.

We thank you for your continued support of the Cooper Bussmann brand of circuit protection products.

Regards,

Jim Chan
Senior Product Manager
Electronic Circuit Protection
