## Details

### Description

2-Piece Raceway Device Box, Double-Gang, 4 3/4" H x 4 7/8" W x 1 3/8" D

### Quick Facts

- Includes a back plate, screws for wallmounting, and screws for a faceplate.
- Has a rectangular knockout to accommodate extensions from an existing single-gang flush wallbox.
- Guaranteed for life!

### Further Details

- For deeper receptacles and other voice/data interface devices, order a deep triple-gang box.
- Shallow box is less than an inch deep.

This box mounts to a wall surface and can be used to hold NEMA faceplates, receptacles, wall jacks, and connecting blocks, as well as coax and other cable networking connectors for your BLACK BOX® 2-Piece Raceway application.
