

USB A Male To DB9 Serial Adapter MCM Part MCM Part #: 83-10029

Distributed By MCM Part #: AP1100

The USB serial convertor is the lightest way to connect your PDA to the USB port on a Mac or PC. This product operates as a bridge between one USB port and a standard RS-232 serial port. Just connect the cable into any USB port from any RS-232 device or any DB 9P male connector, such as, PDA, scanner or printer.
