PRODUCT DATASHEET

Legend™ 2-Part Labelling System - Clear Tubing

BENEFITS

- Easy to use and apply
- Use with thermal or laser 2-part labelling system labels
- Choice of 3 lengths; 20mm, 30mm, 50mm
- Wide range of diameters from OD Ø 1.2mm to 14mm

ASSOCIATED LABELS

- 2-Part Labelling System Laser Labels
- 2-Part Labelling System Thermal Labels

2-Part Labelling System (Laser)

2-Part Labelling System (Thermal)

Clear tubing for use with the 2-part labelling system. The tubing acts as both the carrier and protector for the label.

Tubing is available in various sizes depending on the diameter of the cable, whatever the size, it still takes the same label. Additionally, the tubing and matching labels are available in three sizes; 20mm, 30mm and 50mm. The longer the label, the more characters that can be printed.

HOW IT WORKS

| STEP 1	STEP 2	STEP 3	STEP 4	STEP 5
Slide the tubing onto the cable/wire	Print the label using our Labacus® Innovator Software	Insert label into tubing	Pull the tail through the tubing	Tear/cut off tail

TIP - TIME INTO PROFIT®

Because of this special design it is possible to slide the blank tubing onto the wire prior to termination. The label can then be inserted at any time during or after termination.
