

Features:

- Vinyl sponge static dissipative matting reduces fatigue and static build up.
- Pebble pattern provides non-directional traction and is easy to clean.
- Electro Static Discharge (ESD) protective mat formulated to drain static electricity from workers thereby avoiding unpleasant static shock while safeguarding equipment.
- Optional 10 mm female socket attached to the mat for connection with optional grounding cord.
- Meets IEC61340-4-1 (category DIF), measured resistance R_g 106 - 109 Ω , R_p 106 - 109 Ω .
- Electrostatic charge (walking test), meets ISO6356 and EN1815.
- Free of toxic DOP and DMF.
