

**Product # : 26700-201**

**Overview :** Mighty Scope Connect Wi-Fi Digital Microscope. 1x-80x magnification with white LED illumination. Metal Stand, 3 rechargeable AA batteries and charger included.

The Mighty Scope Connect is a Wi-Fi wireless microscope that enables you to view images on your iPhone, iPad or android devices. Download the free app from your App Store, connect, and view. Compact and handy. Capture images and videos. Can be used mounted on the included stand or handheld. Produces crisp and bright images and videos. Magnification is easily controlled by moving the Mighty Scope in relation to the object being viewed. Move closer to the object for higher magnification and away from the object for lower magnification. The Mighty Scope Connect has a large focus control knob for easy focusing, built in LED brightness control wheel for instant control of lighting, and a built in Image Capture switch. Operates on 3 AA rechargeable batteries (battery life 2 to 3 hrs of continuous use). Battery charger and batteries are included. The Mighty Scope Connect is a great device for medical offices, education, mobile research, quality control, law enforcement; hobbies and much more.
