

MAGLITE®

MAG-LITE® SOLITAIRE® LED FLASHLIGHT

"A Keychain-Size Flashlight with Big-Light Power"

That describes our all-new **MAG-LITE® SOLITAIRE® LED Flashlight**. It features the classic look of our original Solitaire® flashlight introduced in 1988. And it works in the same simple way – just twist the head to turn on, turn off and focus spot to flood.

But thanks to a new, state-of-the-art LED light engine, you get something you just wouldn't expect to see coming out of a flashlight so small: A blast of power that can light up an object at the far end of the parking lot.

Specifications:
