

6-IN-1 Robertson Screwdriver - SD-1223

The SD-1223 Jonard 6-in-1 Robertson Screwdriver eliminates the need for multiple tools in your belt. This tool is configured to include:

- #1 Phillips Head & 3/16" Slotted Head
- S1 & S2 Robertson Heads
- Two nut drivers 5/16" & 1/4"

This screwdriver is made of special alloy steel for exceptional strength and long life. The shaft is corrosion resistant and the soft rubber handle offers user comfort with greater torque. The tip is magnetic and the size and style are marked on the end of the handle. Meets applicable ASME/ANSI specifications.
