

80W 120V Soldering Station

Description:

This high power soldering station is ideal for heavy duty lead-free soldering applications like stained glass work, production and repair work. High power heating element heats up fast and provides quick temperature recovery.

Features:

- Fully adjustable temperature control
- On/off switch with power indicator
- Flexible burn resistant lead
- Adjustable temperature from 500°F~900°F
- Protects components from voltage and current spikes
- Ergonomic rubber grip provides user comfort

Includes:

- Soldering station
- Soldering iron
- Conical and chisel tip
- Iron holder with brass tip cleaner
- AC power cord with plug
- Owners manual

Specifications:

Heating element : 100~120V AC, 80W
Temperature range : 500°F~900°F

Replacement Tips:

MCM Part No.	Description
21-10615	6mm Conical tip
21-10620	3mm Chisel tip
21-10625	6mm Chisel tip

Part Number Table

Description	Part Number
80W High Power Soldering Station	21-10565
