

# Desoldering Pump

## Description:

All metal construction is ideal for heavy use including production re-work and repair. Provides safe, low cost means of desoldering connections, PC boards and components. Large capacity spring-loaded plunger quickly removes solder in a single action. Tool easily disassembles for fast cleaning, tip and "O" ring replacement. Internal plunger pin automatically purges solder from tip with each use. Replacement tips available separately.

## Part Number Table

Description	Part Number
Desoldering Pump	21-8235
