

AM15XS1

Compact X and Y stage with attachable 360 degree rotating turntable. Smooth precision controls so you can easily and quickly examine small specimens with 6cm of X & Y movement and/or rotate 360 degrees.

with millimeter scale

The AM15XS1 can be attached to the base plate of an AM35 or AM36 precision desktop stand for additional support and control while using the Dino-Lite. The inspection stage compact size takes up minimal space by only taking up 10.5cm x 8cm of desk space, creating a precision space saving Dino-Lite inspection workstation.

Rotating base	5cm Diameter 360 degree rotation
Specimen plate	10.5cm long x 8cm wide 6cmx6m X&Y movement Vernier scale
